The Levelized Billing amount will fluctuate monthly, based on usage. If you use more energy one month (such as for air conditioning) your next month's bill will rise but the increase will be spread over several following months. The current month's bill is always added to the previous 11 months' usage and an average bill is calculated each month.

Levelized Billing will continue until the member requests to be removed or the account is disconnected. The ONLY exception is if the member fails to pay the Levelized amount in full by the due date, the account will be removed from Levelized Billing.

Qualifications for the program:  
Must be a Residential Account (101).  
A member of GEC in good standing for 12 months including no returned checks or disconnects for non-payment during the previous 12 months.
